My doctor pronounced me cured of cancer.

My boss didn't.

My boss didn't understand that I was healthy again.

So I was let go. A lot of people are like my boss. They think that everyone dies of cancer. I thought so, too. Until the American Cancer Society, through one of its service and rehabilitation programs, helped me return to a normal life.

The ACS also has local Units that help Americans who've never had cancer understand it better. Today, more and more, cancer is a curable disease. Ignorance about cancer is curable, too.
