### All about herbs

"The Magic of Herbs" begins Friday, Sept. 29, in Farmington Community Center, led by Caroline Jamison (at right), who gives a history of herbs to Doris Webb during registration hours this fall. Her six-session class will cover the ways herbs can be used for cooking, for fragrance, for crafts, for pressed flower pictures and medicinal purposes. The

instructor assisted in planting the herb garden at Cranbrook and is a herb consultant for the Detroit Garden Center, so she also gives her students help with garden design and various growing methods.
