

We've seen it all 30 years Together...

Someone is dying:

**CPR could save them.
Can YOU do it?**

Chances are, you may someday witness a heart attack. In ten minutes, help will be too late. What will you do?

Cardio-Pulmonary Resuscitation is what you can do. Last year, a CPR program in Seattle saved 60,000 lives.

Watch this week as TV2 Award-Winning Eyewitness News with Joe Glover will be your eyewitness connection to the Metro-Detroit CPR Program. A lot of people are working together to make sure you have the chance to learn the CPR technique.

TV2 Eyewitness News, at 5:30, 6:00, and 11:00, serving the community...

**Special
Reports
5:30, 6
and 11
all this
week.**

And Nobody Does It Better!
