THE PRICE OF A USED BMW WILL TELL YOU SOMETHING ABOUT THE VALUE OF A NEW ONE.

A high sticker price on a new car reflects the value an automaker places on his product. The used car price, however, is where the consumer has his say. And according to the latest figures, it's not unusual for even a five-year-old BMW to retain 75%-80% of its original price. If the thought of investing in such a car intrigues you, phone us and we'll arrange a test drive.
