PROPERTIES

It won't kill crabgrass, but it gets rid of houses fast.

Between one mowing and the next, your house could change owners. And you know

that's fast!
How can we be so sure?
Because we're a member of the Homes
For Living Network.
When our sign goes up a lot of things happen. With our
exclusive Homes For Living magazine, a picture and description of your home can be available to home buyers in our
area. And, through our 2,000 affiliated offices, we'll reach
potential out-of-lown buyers.
After all, they account for one-third of all home sales.
When you consider that our 25,000 Homes For Living
sales associates have more than "10-billion dollars in home
sales each year, you know we don't let any crabgrass grow
under our feet.
