**NO ONE EVER DID IT TO A POCKET BEFORE.**

It's a first. The first shower of freshwater pearls, gold beads and diamonds designed especially for your pocket. Tuck one safely into your favorite tweed blazer. Or daringly into the folds of a silk wrap evening gown. And pockets are only the beginning. Because these creations are so beautiful you'll want to place them every place imaginable. So be the first with a first. Pick out something special for your pocket. Now at the Gold Anvil... winner of the 1979 Diamonds Today Award.
