### COVER

Color reigns in this the fall of the soft life, especially when interpreted by master designer Albert Nipon, who created fashions for the soft life on the cover and pg. 3A, all at Lord & Taylor. On the cover, left, Nipon concocts a two-piece confection in navy georgette and teams it with a matching navy camisole. Center, the season's hot color — red — again in two-piece georgette. The ladies are all set for an evening of flirtation and romance with Garolini's black and burgundy pump, the shoe of the year. His assured look for the evening is enhanced with a three-piece pinstripe suit in all wool by PBM, also at Lord & Taylor.

From the Givenchy Nouvelle Boutique by the Parisian master of couture: pure cut, total refinement of the suit. Grey wool flannel Chesterfield jacket with velvet collar and flaps, straight skirt, silk striped blouse. Sizes 6-12.
