

Youthful executive Jan Jurca could say that she got in on the ground floor at Bonwit Teller. She began there years ago as a salesperson at the newly opened store. Now she is back as the manager. Her new role calls for an updated look, including Dimitri's heather tweed suit, Halston's grey pump, an executive hairstyle by Roger Orr of Bonwit Teller, and the executive woman line of makeup by Estee Lauder. SAVILLE SUITS ARE TODAY'S CLASSICS

They go from early morning to late night. They are classic—they are town—they are country.

There is a renewed interest in clean, classic clothes—neat, pulled-together and precise. Like suits—which are endlessly versatile this fall.

They are the dominant message of the season. Saville offers textures, patterns and colors of the new season. There's a suit to suit every woman's style.

Suits are the signature of Fall '79. And the ultimate signature is Saville.
