Genuine leather appeals to 5 major senses — sight, touch, smell, good taste and economy. By the yard, fine leather does cost more; by the year, leather costs less. It breathes so it won't make you feel warm; it never retains odors... seams won't tear, colors won't fade, the surface won't stretch... scuffs and scratches melt into the surface. The more you use it, the more beautiful it gets... simply dust it or wipe it with soap and water. And what makes it even more desirable are the sale prices at Towne & Country

Interiors. 21 units for immediate delivery, or you may special order in your choice of 8 fine top grain leather colors at these same prices.

Sale ends November 3, 1979.
