Manufacturers Bank introduces Neighborhood Interest.

It's the highest bank interest allowable
in Farmington.

Earn more interest

on your savings in
a shorter time. Our
Money Market
Time Deposit
offers you the
highest bank
interest rate currently
available to
individuals on a
short-term deposit.
Just make a deposit
of \$10,000 or more with us for
26 weeks. The interest rate is
tied to the auction average of
U.S. Treasury Bills, on a discount
basis, and changes
weekly. But the rate established
at the time of your deposit remains
constant until maturity.

For example:
the interest rate for this week
(Nov. 22 to Nov. 28) is 12.035%
Your earnings
after 26 weeks, \$608.44.

The higher rate
of interest results
in higher earnings
for you, when left
to maturity. No
bank can pay you
more. There are
restrictions, however.
Federal regulations
require a substantial interest
penalty for early
withdrawal of funds, and
prohibit the compounding of interest.
The certificates are renewable
at maturity at the then prevailing
rate.

Money Market Time Deposits.
Another way we show you
Neighborhood Interest.

Another reason to say:
"Manufacturers. That's
my bank!"
