

Looking to a new year

Newly elected officers of the Farmington Chamber of Commerce recently got together to discuss goals for the coming year. They are (from left, standing) Al Huff, president; Ed Lane, executive director; Charles Williams, treasurer; (sitting, from left) Margaret Halava, vice president; and Mary Wagner, secretary. This is new Convecto-Panet Plus. It makes
your fireplace a beautiful, energy-saving
feature. It saves heat. And it makes heat. Its
exclusive heating device sends 12,000
extra BTU's of heat into your home every hour
to give your family more warmth and lower
heating bills. • Close door and damper, and
after the fire goes out, your heat doesn't
• Provides full, clear view of the fire because no
heat-making hardware shows. • No power
required to produce heat. • Uniquely construct-
ed doors and frame generate their own special
heat. • Comes in two finishes and four sizes
to fit virtually any fireplace beautifully. Due to
the extraordinary heat-making capability of
Convecto-Panet Plus, it should not be used on
an old metal fireplace. See our full line of
quality, energy-saving fireplace furnishings by

Fireiron

\$199.95

The FIREIRON is the best in material,
design, and construction. For heat ab-
sorption and transfer, nothing beats
cast iron. The FIREIRON's design
forces the heat into your room, not up
the chimney. Your fireplace becomes
up to 60% more efficient. It provides
comfort long after the fire subsides into
embers.

4 YEAR PAINT PROTECTION

FROM THE WORLD'S LARGEST RUSTPROOFER
System 6

The 6-step procedure actually pen-
etrates deep into the pores of the paint,
removing dirt and grime, cleaning away the
dull film of oxidation. The fresh, clean
surface is then buffed to a deep rich
lustrous glow—brighter than even the
original showroom shine. And
• seals it with a super-
hard, crystal clear
protective plating
that lasts almost
indefinitely.
