Vacation land prices DOWN?

You can buy a gorgeously wooded homestead on the Canadian side of Lake Huron, only 2 hours away, for about 16% below the regular price. Why? Because your dollar is worth that much more than the Canadian \$. Check the rate at your local bank.
But, you ask, isn't there some tax penalty on Canadian land? The law's been modified and it doesn't apply to these parcels. We guarantee it in writing. Two Michigan families purchased last month at no penalty.
It's a well-established community that's been enjoyed for many years by people in Grosse Pointe Woods, Birmingham, Bloomfield Hills etc. We can send you a list of Michigan owners.
Right now is the best time to choose a homestead — when the leaves are down and you can follow the sand-dune contours. And you can watch people x-country skiing, skating on the old river bed, enjoying the snow-covered woods.
In summer, there's golf, tennis, swimming, sailing and many other pleasures, of course.
Let us show you two special sites on the old river, within easy walking distance of the lake. Plus an architecturally unique 4-bedroom cedar home. Individually owned parcels. You can view many others in the same area.
Homesteads 100' x 150' from \$15,000 (\$12,800 U.S.).
It's so close, so easy to reach — take I-94 to Port Huron, the new 402 out of Sarnia to No. 21, follow 21 to Grand Bend. Turn west at 10A.
