NEED TO CONSOLIDATE EXPENSES?

As a homeowner you may qualify for an **EQUI-LOAN**

WHAT IS AN EQUI-LOAN?
An Equi-Loan is a second mortgage secured by the equity in your home. By using your home equity, you can borrow \$2,500 or more with liberal repayment terms at simple interest rates. An Equi-Loan is not a remortgage, but a second mortgage; it will therefore not alter your present mortgage or its rate.

The amount of equity in your home, by the way, is the difference between its appraised value and your first mortgage (if any). This equity provides the basis for borrowing a large amount of money at established simple interest rates with the maximum amount of the loan being determined by the size of your equity.

***WITH A SIMPLE INTEREST EQUI-LOAN YOU HAVE THE OPTION OF SIGNIFICANTLY REDUCING THE AMOUNT OF INTEREST YOU PAY.**

HERE'S AN EXAMPLE OF THE AMOUNT YOU CAN EXPECT TO BORROW.

Each transaction is different and subject to credit approval, however, we are flexible in our lending policy. In general, you can expect that the total of your first and second mortgage will amount to 90% of the value of your home. For Example:

Appraised Valuation \$20,000 + 80%
Total Loan Value \$24,000
1st Mortgage Bal. \$12,000
Available for 2nd Mortgage \$12,000

HERE'S HOW TO APPLY FOR AN EQUI-LOAN

The procedure is much the same as it is for a personal loan. Simply stop in our office at the address listed below. Or you can call your hometown banker at any of the locations below and discuss plans with a trained loan executive. An appointment can be made if you like.
