

12 homesites left in Wabeek's Lakeridge

There are 12 homesites remaining in the Leachco Building Co.'s Lakeridge of Wabeek subdivision in West Bloomfield.

In total, there are 24 wooded, lakefront and golf course sites with private streets and entrance ways.

At left is an outline of the lots in the Lakeridge of Wabeek subdivision in West Bloomfield centered around Cameo and Fox lakes.

Each new unit in the two-range from \$250,000 to \$400,000. The two ranges are alike.

The development, located near Middlefield and Tappan roads, north of Long Lake Road, features homes of size larger than one-half acre. Some are in the west with 100-400 foot lots and in Fox Lake.

All the homes are located on top of a ridge overlooking the beautiful wooded terrain around the two lakes in the subdivision.

Gary Brannon, Leachco partner along with Jack Elmer, says Leachco strives to accommodate the desires they see prevalent in the homes they have already sold, allowing the owner to add his own personal touches.

Currently under construction is a two-story, 2,200 sq. foot contemporary home in the two-range. The home features a large living room, dining room and kitchen with a bay window.

Viewing the area from the wooded ridge overlooking the two lakes in the subdivision.

entertainment area, a private hot tub attached to the master bedroom suite overlooking Lake Forest from above.

The master suite has carpet walls, two walk-in closets and a make-up area, a skylight and a raised entrance like the rest.

The other bedrooms are located at the other end of the house, an attached kitchen area off one wing in the master suite and in the other direction is the children's room.

Leachco will allow the owner to custom the interior of their window in.

Potential home buyers can view these homes currently under construction in Lakeridge at the building site or contact the special agent at their address.

For an appointment call 353-3930. Leachco indicates that the homes in Lakeridge will be completed in 1979-1980.

Since the company has constructed a series of similar developments and is currently in the construction phase of another.
