

# THE NEW TRANS-VAN BY CHAMPION.

- It's shorter than a Chevy Impala
- has more room than a 12-passenger Ford Van
- and costs about the same as a fully-equipped Olds Custom Cruiser station wagon. ■ It sleeps up to 4
- even includes a kitchen ■ and runs on regular gas.

Trans-Van's more than just a van. It's a surprisingly affordable year-round mini-motorhome, too. With plenty of interior room, carpeting, a rear stand-up galley with icebox and sink, and a convertible sleeping/dining area. And you can have it starting under \$10,995\*...with five to seven year financing available. Maybe your next car shouldn't be a car. Available now at these dealers:
