**The Other Ski Sale
Now In Progress!**

Don Thomas dares every other ski shop in town to offer a guarantee like this:

Introducing The Don Thomas Promise.

For 25 years now, we've been proving that we take the fun of skiing seriously. Now we're going to prove it again. With a revolutionary new customer service program that is absolutely unparalleled anywhere. You see, we're committed to serving you not just at the point of sale. But afterwards, too. For as long as you need us.

1 We don't just promise your ski boots will fit. We guarantee it.

For the best skiing it's important that your boots fit just right. So we give you a guaranteed fit, in writing. For one full ski season. Name another ski shop that does that. You can't. Because only Don Thomas does.

(Naturally, we're unable to include growing skiers in this portion of the guarantee.)

2 We promise to hot wax and sharpen your skis. As often as you like.

We know the great feeling of a well-tuned ski. And you should always feel that kind of performance, too.

So, when you buy your new skis from Don Thomas, we'll help you keep them skiing the way they should. With hot waxing and sharpening as often as necessary. For free. Forever.

3 We promise to safety check and lubricate your bindings. Every year.

To get as much fun out of your skiing as possible, you have to feel secure and safe about your bindings. So, once a year we'll do a free safety release check. And a complete lubrication on your bindings. Every year. For as long as you own them. For free. That's to keep you skiing. That's Don Thomas.

And that's the Don Thomas Promise. But it means more than just what we've spelled out here. It's our whole attitude about skiing. When you shop with us you're dealing with people who know what they're talking about.

Because we want your skiing to be the best and safest it can be. Always. Maybe you can find another ski shop that will do as much for you. Maybe Iowa will grow mountains.
