Planning to hire a painting contractor? Save him some time and yourself some money by preparing the house. Take down curtains, blinds and other wall decorations. Dust walls and windows. If grease has accumulated on walls, wash them with a mild detergent and rinse with cool water. Pink, Red, Purple Can Be Combined

An unusual color scheme of pink, red, and purple gives a contemporary look to this holiday flower arrangement made by Mrs. John Knight at a lecture-demonstration presented in Farmington recently.

The arrangement, featuring velvety deep red roses, pink-striped carnations, and artificial purple grapes, has lustrous holly foliage to set the Christmas mood and a spray of evergreen yew foliage for textural contrast.

A half dozen roses and a dozen carnations were used in

this loose triangular arrangement fashioned in unique candle holder.

A tri-color candle makes a striking accent. Red, pink and purple candles were taped together at the bottom and the bundle was tucked firmly down into the flower holder.

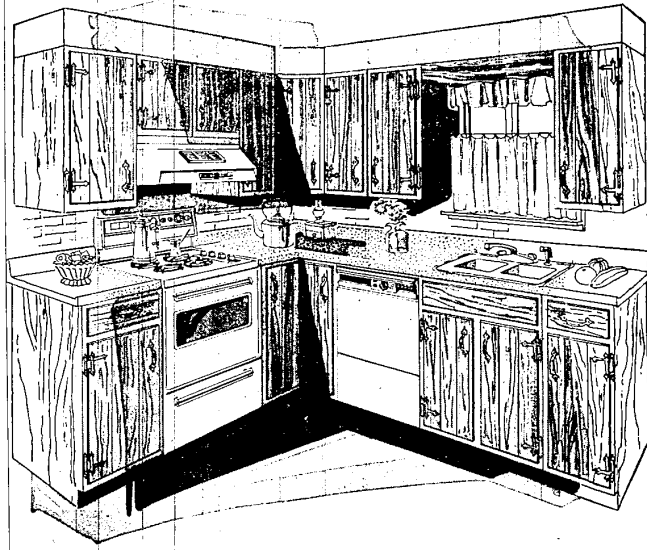

This elegant arrangement would be the center of interest on a Christmas tea table, fitting either a traditional or a contemporary mood, or it could provide a special note of festive cheer in an entrance hall.
