

DRUG CLERK TELLS HOW TO STOP BOILS--PURIFY BLOOD

His Blood Was Bad, Had Boils
Felt Weak, Bad.

"I can certainly recommend this new tonic the chemists are raving about because I not only know a lot of customers here in the drug store who have been helped, but I know myself what it will do. I used to have boils, Great big boils all the time, and had been going down hill for months. I seldom felt hungry but lost my weight. So I finally decided to take some thing. You don't know what it is, but it is a sure salve for medicine. I see so much of it late to start, but I realized I was in need of a rest system building, blood-purifying tonic, and Earl's Hypo-Cod was my choice. It is a more modern medicine and is nice to taste. It does the work quicker, too, and I know because customers have often told me what it did, and it should, because it has the stuff in it."

Movie Tricks.

In some photoplay scenes the buildings are actually burned down, and sometimes small models are burned. Usually a convincing illusion is created by placing chemical preparations, known as "smoke pots," in concealed places in the building. Then when the film red the illusion is almost perfect.

Movies make it easy for tricks to form themselves into walls. Here is how it is done: First, a brick wall is photographed. A man hidden behind the wall pulls down a brick at a time and throws it into a pile in front of the wall. Each time he does it, it is photographed. The film is reversed when it is shown, so that the last picture appears first--Brooklyn Eagle.

AUTOMOBILE LOSSES

The increase in the number of automobiles used each year has greatly increased losses. While the most careful men in the state are carrying automobile insurance, it is estimated that the loss to uninsured automobile each year reaches a total of \$15,000. The loss on cars will reach about \$20,000, theft \$300,000, liability \$50,000, and \$50,000.

Every automobile owner should realize the danger of driving a car, not only the danger of liability suits but also the loss of the car by fire or theft.

During the past three years the Second Hand Used Car Market dealers have been established and all cars have an established value. Used Car Markets are open to all car owners in good condition and sold for cash. These market reports are used by automobile salesmen and automobile owners when they desire to find out the cash value of their car.

Old line companies have made a certain per cent discount on an automobile each year, and a car four years old would not be accepted. The mutual companies are using the Used Car Market Reports as a basis, which is more favorable for the automobile owners, for if the car is lost the owner is enabled to buy another car of similar and make. The second hand cars purchased from responsible dealers are put in condition before offered for sale and consequently are to better condition than the average car which is burned or stolen--Ad.

Logic at Work.

Teacher--"I want you to tell me what a conjunction is, and compose a sentence containing one."

Thomas (after reflection)--A conjunction is a word connecting anything, such as "The horse is harnessed to the fence by his halter." "Halter" is a conjunction, because it connects the horse to the fence--Harper's Bazaar.

Catarrhal Deafness Cannot Be Cured

by any application of medicine, can easily be removed portion of ear. Catarrhal Deafness requires, constitution, diet, exercise, and the use of MEDICINE in a constitutional remedy. Catarrhal Deafness is caused by an infection of the Eustachian Tube. When this tube is inflamed, it has a rumbling sound or impure discharge, and when it is closed, deafness is the result. Until your hearing can be restored, your hearing must be destroyed for ever. HALL'S CATARRH MEDICINE acts through the Eustachian tube, the interface of the system, thus reducing the inflammation and restoring normal condition. Circulars free. All Druggists. F. J. Chase, 100, Toledo, Ohio.

Rough Stuff.

Simplicio--"Can't you suggest a novel from which we could adapt a comedy?"

Comedian--"My memory isn't very accurate, but isn't there a book called 'Alice Threw the Looking Glass'?"

Cuticures for Sores Hands. Soak hands in retiring in the hot ends of Cuticure Soap, dry and rub in Cuticure Ointment. Remove surplus Ointment with tissue paper. This is only one of the things Cuticure will do for Soap, Ointment and Talcum, are used for all toilet purposes--Ad.

Wise Girl.

First Nursemaid--"Yes, the father is French and the mother Spanish." Second Nursemaid--"Well, is the little one a Frenchman or a Spaniard?" First Nursemaid--"Who knows? He hasn't started to talk yet."

Literary men resemble hens. The author lays a plot and the publisher sits on it.
