### Who was Behind the Navys U-Boat War

Thomas A. Edison, the wizard of invention, heard submarines more than two miles away.

He turned ships without depending on the rudder. He saw thru the ocean by lighting it up below the surface.

These and a series of other things which he accomplished during the war, enabled our Navy to outwit the U-boats. Mr. Edison was able to keep his latest and favorite invention, The New Edison, within the reach of everyone. How the price of The New Edison has increased less than 15 per cent since 1914, including war tax.

## SCHOOL NOTES

ELLA M. PAGEL

We sent \$56.50 from our girls' banquet, to the Near East Relief Fund.

Pearl Brown and Billy Nelson have returned to the Kindergarten.

The football pennant which the boys won from being a member of the Four Square League, has arrived. We are very proud to display it and are equally proud of the boys who won it for us.

Tuesday night, March 15, we go to Wayne. This game determines the champion of the Four Square League in basketball. If enough people care to go, there will be a special car.

American Literature students are diligently working on their orations for the Oratorical and Declamation contest which will take place the latter part of May. Mabel Cook has been absent from school for two weeks on account of sickness.

Isadore Keeney and Wayne Wixom were absent Monday on account of sickness.

The Kindergarten children expect to start reading from their primer this week.

## Do You Know The Facts About Building Costs?

THE BIG BUILDING PROGRAM THAT WAS EXPECTED IN 1920 FAILED TO DEVELOP. THE COMPLETE CESSATION OF BUILDING HAS CAUGHT THE MANUFACTURERS WITH BIG STOCKS OF LUMBER WHICH THEY HAVE BEEN FORCED TO SELL AT ALMOST COST.

## In Our Opinion, Right Now is a Good Time to BUILD.

But it's only fair to tell you that this condition may be only temporary. The country is four years behind in building requirements short more than a million homes. Our own town is short one hundred homes. When people begin to do this long delayed building, the law of supply and demand will regulate prices and it is natural to expect increased prices.

We can show you a substantial saving in every item in our line. If you are planning to build, remodel, or repair, come in and let us give you some figures. Then when we show you the actual savings over last year's prices and show you how favorably present costs compare with those of 1914. Make your own decision.

BEGIN GETTING THE BENEFIT. NOW. DON'T DELAY.
