Patton's

Patton's Sun-Proof Paints are prepared in the Patton proportions which produces a paint unlike any other in durability, beauty and covering qualities. It resists the action of heat and cold to a wonderful degree; holds its gloss, too. Get a color card and paint advice.

Just Listen to That Tone Quality

Isn't it beautiful? Isn't it just as real as though you were sitting in the theater listening to the real thing?

Oh! We wouldn't be without our Cheney. It plays all makes of records—you can see how beautifully.

The
CHENEY
PHONOGRAPH

Another thing! Notice that you can scarcely detect any needle scratch. It is practically eliminated. What an improvement that is!

And we love the way The Cheney brings out accompaniments to voices—it's so realistic. The Cheney is like a rare old violin—"THE LONGER YOU PLAY IT, THE SWEETER IT GROWS." After all, we think that's the greatest, finest thing that could be said about a phonograph.

Below we illustrate the Georgian Period Model, the same price in Mahogany or Walnut. Cheney Regular Models are moderately priced from \$125 to \$385.
