JOY BROUGHT INTO HOME

By Lydia E. Pinkham's Vegetable Compound, Restoring Mrs. Benz to Health

Altoona, Pa.—"I am writing to tell you what Lydia E. Pinkham's Vegetable Compound has done for me. We have had six children die almost at birth. From one hour to nineteen days is all they have lived. As I was going to have another, I took a dozen bottles of your Vegetable Compound and I can say that it is the greatest medicine on earth, for this baby is now four months old and a healthier baby you would not want. I am sending you a picture of her. Everybody says, 'That is some healthy looking baby.' You have my consent to show this letter.' — Mrs. C. W. Benz, 1310 2nd Ave., Altoona, Pa.

No woman can realize the joy and happiness this healthy babe brought into the home of Mrs. Benz, unless they have had a like experience.

Every woman who suffers from any ailments peculiar to her sex, as indicated by backache, headaches, bearing-down pains, irregularities, nervousness and "the blues" should not rest until they have given Lydia E. Pinkham's Vegetable Compound a trial.

GOLFER NOT "WHOLLY" BAD

Player Makes Ingenious Defense of Those Who Insist on Using Links on Sunday.

"Chick" Evans, the brilliant golfer, was talking at a golf club dinner in Chicago about Sunday golf.

"The prejudice against playing golf on Sunday," said Mr. Evans, "has practically disappeared, but in New England there are still clubs where the game is not permitted on the Sabbath.

"To deprive the modern player," continued Mr. Evans, "of his Sunday golf—the only day in the week that some men can play—is a great hardship."

Smiling, the great golfer added whimsically:

"And as a matter of fact, doesn't the golfer remember the Sabbath day and keep it 'holey'?"—Los Angeles Times.

"Senator," said that statesman's private secretary, "a delegation of lady lobbyists insists on being seen."

"Bless their hearts!" cried the senator, in his most cheerful manner, "tell 'em to line up on the capitol steps and I'll guarantee they'll be seen by no less than half a dozen press photographers. As for me, I'm busy and positively cannot see them."

That's what the senator wanted to say.

As a matter of fact, he groaned aloud, put aside a batch of important papers, and meekly said: "Show them in."—Birmingham Age-Herald.

Weak and Miserable?

A Michigan Case

Mrs. H. Winkal, 37 Lytle St., Harbor Beach, Mich., says: "My back felt as though it were breaking from a dragging, heavy ache. It kept me awake at night and mornings I felt tired. My feet swelled and things whirled around before me. Two boxes of Doan's Kidney Pills drove away the lame feeling in my back and put my kidneys in good shape."

New York cold storage Baldwin apples down about 25c per bbl; city wholesale markets at $4.75 to $5.75. Northwestern extra Fancy wholesale slightly weaker Chicago at $2.50 to $3.50 per box; steady Kansas City at $2.50 to $4.

Carlot shipments week ended March 29: potatoes 2,565 cars, boxed apples 225, barreled apples 544, cabbage 600, celery 258, lettuce 223, onions 251, sweet potatoes 248, strawberries 246, tomatoes 185.

Dairy Products.

Butter markets unsettled during the week, but the present tendency is toward recovery, prices advancing in all markets on the 31st.

Lowest prices 92 score New York 46c; Chicago 45c; Philadelphia 46c; Boston 48c. Supply of 92-score factory butter taking price of demand and Danish imports have held at firm prices.

Cheese markets weak and lower. Some cheese shipped on consignment from Wisconsin points during week.

At Wisconsin primary markets: twins 26c; daisies 22 3-4c; double daisies, young Americas and longhorns, 22c.

Live Stock and Meats

Chicago live stock prices declined 25c to 75c on hogs, 10c to 40c on beef steers, 25c to 35c on feeder steers, and 25c to $1 on veal calves the past week. Fat lambs lost 50c to 85c; butcher cows and heifers were practically steady; fat ewes advanced 25c to 50c.

March 31 Chicago prices: hogs; bulk of sales, $8.80 to $9.30; medium and good beef steers $8 to $9.65; butcher cows and heifers $5 to $9.25; feeder steers $7.50 to $9. Light and medium weight veal calves $7 to $9.50; fat lambs $7.50 to $10; feeding lambs $7.50 to $9.25; yearlings $7 to $9; fat ewes $5 to $6.75.

With the exception of pork, prices of fresh meats at eastern wholesale markets were generally lower than a week ago.

March 31 prices good grade meats: veals 15c to 17c; veal $17 to 20c; lambs $18 to 23c; mutton $12 to 16c; light pork loins $24 to 27c; heavy loins $18 to 22.

Harold Obeyed His Mother.

Harold had been given permission to go to his grandmother's, who lived near by. It was nearly noon, and grandma invited Harold to stay to luncheon.

To her mystification he said: "I will if you ask me twice more."

She did, and Harold enjoyed his luncheon. When his mother called for him later, grandma asked her what he meant.

His mother said: "I told him not to stay to luncheon unless you insisted upon it."

DEMAND FOR SAFE ROADWAYS

Some Kind of Protection Should Be Provided to Keep Cars From Skidding Off Dirt Roads.

What value do we place on a human life? To judge by some of the roads over the country it is not much. Lives are lost many times where a few dollars or a little extra time would make a road safe enough so that taking a ride along them on a rainy day in an auto would not be such a hair-raising experience as is often the case now, says a writer in Successful Farmer.

Recently a friend of mine was driving along a road within a half mile of a small town and ran into a ditch six feet deep, upsetting his car and smashing things up generally, though he escaped unhurt, and had no one with him. Many complaints had been made about that road, but nothing was done by anyone. On either side the ditch came within less than two feet of the roadway, and there was not even a ridge or anything to ward the wheels off and keep them from sliding over.

When hundreds of automobiles are owned in every part of the country and it is impossible to always keep off roads when they are slippery, it is not morally right and should not be legally right to leave them in a condition that would make an accident under ordinary conditions possible. During the last two years I have been riding around considerably and we have been in places where it was very dangerous driving, and often came up on such places with no chance at all to avoid them. In one case we crossed a bridge after a light shower, and on the far side found that it had caved away to within six inches of the road, though that was solid. For a rod the ditch was not two feet from the road, with nothing to check a skid into it. A very steep hill began just beyond the bridge. Our car could not make the hill, and we stalled, and had to back some. The least bit of skidding would have been certain to have carried us over the bank and for several minutes it looked like we were to go down six or eight feet into a creek.

It is not always that such places are on unimportant roads. In fact the first place mentioned was on a main traveled road between county seats, and automobiles used it on long distance travel. In the main it was a fine road well kept, but there were two or three places that were really dangerous, though this was the worst of all.

Wherever there is a place at the side of a dirt road that has much travel, that is deep enough to upset a car that went down into it, some kind of protection should be made to keep cars from sliding off. We are not considering the quick dash to the side from careless driving or going too fast in mud, but the unavoidable skid that is bound to occur now and then. Our roads should be safe in muddy weather as far as we can make them for often at such times we have to use them with our cars.

Properly Protected Road.

UNITED STATES' GOOD ROADS

Work Is in Progress in Every Section to Give Country Superior Highway System.

The time is rapidly passing when the bad roads of America can be pointed out as a reproach. In every section of the country work is in progress to give the United States a system of roads which will compare favorably with those of other countries. Roads are being built at 3,485 different points. Fully 30,000 miles of road have been approved by the secretary of agriculture. It is estimated that this construction will cost the country nearly $400,000,000. At the end of June, 1920, the government reported that 2,116 different projects, at a total of 16,000 miles of roads, had been completed.—Boys' Life.

NEW CHARACTER OF TRAFFIC

Most of Existing Highways Were Not Constructed to Support Heavy Loads Now Imposed.

Most of our existing roads were not designed with a view of carrying the heavy loads now imposed upon them, and in new roads it would seem the builders cannot realize the present changed conditions and the new character of the traffic; in any case the problem is not an easy one.

PITTSBURG MAN MAKES WONDERFUL STATEMENT

Declares Tanlac Enabled Him to Eat Better, Sleep Better and Work Better.—Has Gained Thirty Pounds.

HARRY M. ALLEN
Of Pittsburg, Pa.

"I consider Tanlac the grandest medicine in the world, for I have actually gained 30 pounds in weight since I began taking it. It has just simply filled me with new life and energy and for the first time in years I can sit down to the table and enjoy three square meals a day like other people, in fact, Tanlac has made me eat better, feel better, sleep better and work better, and I guess that's all a man can expect of a medicine.

"Before I took Tanlac, I was off 25 pounds in weight and was so badly run down I was hardly able to do my work. Nothing seemed to agree with me and my food invariably soured on my stomach. I would always have an uncomfortable bloated up feeling in my stomach, and although I tried many kinds of medicines, I never got relief until I took Tanlac.

"I also suffered considerably at times from Rheumatism, but this has all disappeared. In fact, this wonderful medicine has made a new man out of me in every way. I feel years younger and can do as much work as in any day of my life.

"Of course, I am only too glad to give you my testimonial because I want other people who are suffering as I did to take this medicine and get relief."

The above remarkable statement was made by Harry M. Allen, residing at 1009 Saint Martin Street, Pittsburg, Pa., a well known employee of the Oliver Iron & Steel Company of that city. Mr. Allen is a well known member of the United Presbyterian Church and is highly respected by all who know him.

Thousands Have Kidney Trouble and Never Suspect It

Applicants for Insurance Often Rejected.

Judging from reports from druggists who are constantly in direct touch with the public, there is one preparation that has been very successful in overcoming these conditions. The mild and healing influence of Dr. Kilmer's Swamp-Root is soon realized. It stands the highest for its remarkable record of success.

An examining physician for one of the prominent Life Insurance Companies, in an interview on the subject, made the astonishing statement that one reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of those whose applications are declined do not even suspect that they have the disease. It is on sale at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

Spontaneous.

Employees of the board of school commissioners were storing some equipment at a school building recently, and with little regard for fire-prevention rules adopted by the board sometime ago.

One man started to place some material in a corner of the small closet, when his helper interfered.

"Don't you know what the rules say?" he asked. "You shouldn't ever put anything in a closet that's spontaneous!"—Indianapolis News.

Harvest 20 to 45 Bushel to Acre Wheat in WESTERN CANADA

Think what that means to you in good hard dollars with the great demand for wheat at high prices. Many farmers in Western Canada have paid for their land from a single crop. The same success may still be yours, for you can buy on easy terms.

Farm Land at $15 to $30 an Acre

located near thriving towns, good markets, railways—land of a kind which grows 20 to 45 bushels of wheat to the acre. Good grazing lands at low prices convenient to your grain farm enable you to reap the profits from stock raising and dairying.
