THE CANNING PROJECT

THE CANNING PROJECT

THE CANNING PROJECT was carried out recently in the Cloverdale School kitchen, but it began much earlier for Mrs. Seno's morning and aftermoon kindergariners. Mrs. Lindsay Lloyd of Farmington gave the classes a supply of purple grapes, and they learned a for about the care, growing and eating of grapes. grapes.

Later they talked about

KATHERINE GOLTRA

grapes being made into juice and felly, and that led to the next part of the project. Last week Mrs. Senob, with the help of the school's new aide, Mrs. Arline Mosher, took some grape juice also provided by Mrs. Lloyd and began Pro-ject Jelly.

ject Jelly.

The youngsters watched while the juice bubbled.

Prödded a bit by their teacher, they recalled that the grapes grew on a "sturdy vine."

The part that's good to eat, another child said, is the seed with pub in give protection.

The juice, they agreed, is called a lique,

You put in sugar to make the jelly sweet, and pectin to turn that liquid into a solid.

turn that liquid into a solid.

THE KIDS weren't quite sure about that glob of pectin Mrs. Senob dumped into the soliding juice and sugar. You could even hear a couple of "yukit." And they had been "sterilized." And they helped count the risult the jelly had to boil before being poured into the jars. They also showed off proudly the string-decorated wrapping paper they had made as a linal touch for the Christmass gifts.
