robber nations.

America needs a standing army—that can quickly be the creator of a vast armed force—equal to the world defense. America needs a present and vast Navy—equal to protecting our trade routes throughout the seas of the world and making our own coast invulnerable.

So does history and the human spirit justify the wisdom of Christ—The sword must often be the city of refuge of Liberty. Humanity assailed, Righteousness denied and defied. In defense, the Nation is called upon to spend its last dollars—yea—to ever sell its coat and buy a sword.

To you the living and to you hosts of the blessed who made the supreme sacrifice that our Nation and Human Hopes and Freedom might live—to you are our votive offerings of honor and gratitude.
