Soothed and refreshed by music

Nervous and exhausted from shopping

**Give Mr. Edison an Idea**

**NO ONE** questions the power of good music to relax tense nerves and allay fatigue.

Edison spent three million dollars in research work to develop an instrument, which would Re-CREATE all forms of music, with absolute realism, and thus provide an instrumentality, by which the true beauties and full benefits of music can be brought into every home.

Edison wants a phrase of four or five words, which will distinguish this new invention from ordinary talking-machines. He offers \$10,000 in prizes for the best ideas. Bring or mail the

coupon and get a folder, that gives full particulars and instructions.

**Three Days of Music Free**

If you do not own one of Edison's new instruments, we shall gladly lend you one for three days, in order that you may experiment with it in your own home and learn what music will do for you. This experience may make it easier for you to win a prize.

Act quickly, as the number of instruments, which we can lend, is limited. Bring or mail the coupon. You assume no expense and no obligation.

**Have you a daughter Graduating this June?**

You promised her a gift. Make it a New Edison, —and delight her heart with music.
