Farmington Day At Bob Lo

Farmington Team Defeats Wyandotte Team.

GOOD CROWDS ATTEND.

Three full car loads of people went on the excursion to Bob-Lo last Friday, besides those who went by automobile. Early Friday morning saw many waiting for the cars and the day looked as tho it would be a clear one.

The features of the day were the track meet and the ball game between the Farmington High boys and Wyandotte High.

On arrival in Detroit the skies were clouded and the weather looked threatening. However it did not rain and the clouds served to keep the day a little cooler. At the arrival on the island the excursionists were directed to diamond no. 6 where the games were to be held. A little difficulty was experienced by some who did not know where to find the field but after lunches, soon located it.

The main feature of the day was the game between Wyandotte and Farmington, as our boys had met only one defeat during the ball season. An easy victory was expected. The batteries for the day were Catherman and Tredway.

As was expected, this game only proved another walk-away for the winners of the league championship. The game could be better described as a "Hit and Run" game. Three home runs, numerous three baggers, two baggers, and singles served to show that our fellows easily hit the two pitchers that Wyandotte used. The home run hitters were Tredway, Smith and Harger.

Three hits were allowed by Catherman but the opposing team failed to score. Our final counts were 24.

As usual the whip and the merry go round furnished great amusement for the younger set as well as some of the older.

The return was made about six thirty and, all except those who took a later boat, were safe at home again at nine or ten o'clock.

Juniors Give Reception To Seniors At Tredway Home

The Juniors gave a reception to the Seniors last Wednesday at the home of Mr. and Mrs. Steven Tredway. Anticipating a clear day, preparations were made to hold the reception on the lawn. Lights were strung up and lawn chairs secured, but an unexpected rain put in its appearance and forced the party into the house.

Speeches by the class officers were given as was a short talk by Mr. Babcock. Games were played and a light lunch was served, which brought the evening to an enjoyable end.

Harley Catherman gave a farewell speech for the Juniors and Lester Harger answered it for the Seniors. Dal Harger acted as toastmaster.

Boys' and Girls' Clubs Will Star at the 1921 State Fair

Boys' and Girls' clubs, with their exhibitions, demonstrations and judging contests, will be a more important feature this year than ever before at the Michigan State Fair, in Detroit September 2-11. Forrest A. Lord, of Mt. Clemens, member in charge, and R. A. Turner, of East Lansing, state club leader, superintendent of the club exhibits, plan many extensions over last year.

The boys and girls, through their clubs, will have exhibits of canning, garment-making, sewing, handicraft work, poultry, dairy and beef calf, sheep and pig. Exhibits of canning, garment making, handicraft and other work. Egg laying contests will be participated in by club poultry. The clubs will have larger exhibits of their calves, pigs and sheep, with trips to national and international stock shows as rewards for the best judging.

Last year 25 counties were represented in the clubs showing at the state fair and a big increase is assured for this year, as well as larger exhibits all around. Superintendent Turner has plans for establishing on the state fair grounds a permanent club camp at which all club exhibitors and contestants may be able to find accommodations.

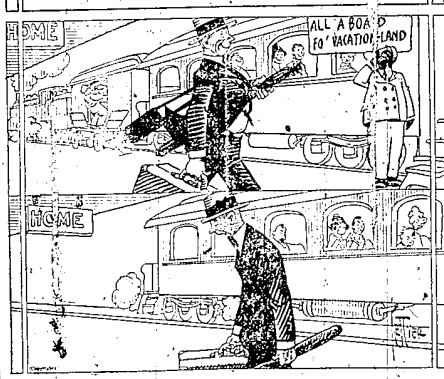

One of the best educational features

of the fair is comprised in the clubs' showings of what boys and girls may accomplish in daily life in Michigan towns and on Michigan farms.

Business Looks For Place In Farmington

Money Invested at Home Will Bring Permanent Returns

NEW BUILDING ON DIVISION ALL SPOKEN FOR

A druggist having several stores in Detroit recently analyzed the drug store situation in Farmington and gave as his final analyses of the proposition of opening drug stores in Farmington that towns in the state with like territory to draw from usually supported three drug stores. With the growth around this town especially eastward, three drug stores properly conducted, that is upon a good business basis, would have a splendid field here. He further said that competition makes prices and that competition makes prices at which the purchaser buys more cheerfully.

However, until new stores are built, there will be no possibility of securing new business. A business block of one, two, three or ten stores would have tenants before a bid was turned for foundation excavation. Why not invest in a permanent improvement in your home town while building material is low in price and labor plentiful. Do not take any stock in the man who says he is building to be local to the town. Do not build in Farmington as loyalty to the town but because it is a good business proposition.

Lightening Strikes Farmington Man

Knocks Down Four Horses.

Mr. Catherman, while seeking shelter in a barn by the lumber yards during the electrical storm Monday, was struck by a bolt of lightning which knocked him together with four horses to the ground.

Mr. Catherman was insensible for few moments but after recovering went back to work.

The following morning Mr. Catherman was unable to get up from his bed and has since been confined to the bed. He has not, up to this writing, fully recovered from the shock.

Oh Boy! Might Do On A Memorial Committee

At the City Clerk's office, Detroit, a man presented his papers exempting him from military duty and requested that he be given a blank application for the bonus. The news was gently broken to him that tho' he might be a brave man and of honest intentions his Uncle Alex would not come thru with a bonus for the time he did not serve.

Mrs. Elmer Empson, accompanied by her nephews, Milton and Wendell Grow, spent Monday at Bob-Lo.

NOVI

(Too late for last week.)

Children's day was observed in the Baptist church Sunday morning. There were no services held in the Methodist church Sunday.

Electrical Storm Causes Damage In Oakland County

TREES—BUILDINGS DESTROYED—LIVE STOCK KILLED.

HEAVY RAIN FALL—LIGHTNING—THUNDER

As severe a storm as ever hit Farmington in memory of the oldest inhabitant precipitated itself on Farmington Monday, June 27. Transformers were burned out in several places; the one near the Gildemeister Mill being completely burned up.

On the Sweitzer Road a bolt of electricity struck a tree and ricochet thirty yards, striking a building. Many trees were blown down and telephone service was crippled.

The rain was a good thing for the crops and the farmers in this section are well satisfied.

OSCAR K. WEBBER

courage the development of artistic displays and aid in making all features artistic in the fair to be held in Detroit, September 2-11.

This is the attitude of Oscar K. Webber, of the J. L. Hudson Co., Detroit, member of the State Fair Board of Managers in charge of the art department of the fair, and of H. M. Kurtzworth, director of the department. Their idea is that everyone should be something of an artist in the things he buys and uses and someone of a designer in the things he makes and sells.

Therefore the aim is to have the art department at the fair show how the American home can be made more attractive in its appearance; how the libraries, museums and public buildings may be improved; how raw materials may be made into better designed products; and to enable the department to bring the hundreds of thousands of state fair visitors into contact with artistic displays of makers of fine goods.

Splendid exhibits in the arts and crafts will feature the 1921 fair. There will be daily lectures and demonstrations in both throughout the ten days of the fair. Director Kurtzworth, of the Michigan Art Institute, Paul Honore and other authorities will lecture each day on some definite topic related to art, their talks being illustrated with studio material or live models. In the crafts there will be special lesson lectures on definite topics each day, including stoneling, designing, weaving, carving, enameling, decorating and other subjects.

LAKE ORION FUBILEE.

With the opening of the good roads to Lake Orion and the advent of hot weather, Park Island is again enjoying a very prosperous season. The bathing beach especially is doing a rushing business and with continued hot weather will break all records. Free advice with assistance will be given this season to all patrons of the beach.
