Life and Death.

Just because you think life is not worth living is no sign that death will be worth dying.

Guided by Light on Cloud.

In the night, when low clouds float in a thin veil above the river, where searchlights on battleships throw their beams upon them, a curious round patch of light can be seen on a cloud. Strains rising above these clouds would also see the patch of light and, in clear weather, the long beams, cast upward into the sky.

The suggestion has been offered that searchlights of great power. Even in moderately foggy weather the light would penetrate the cloud of mist and be visible from above.—Popular Science Month ly.

Proposed Theatre and Mercantile Building for the corner of Grand River Avenue and Grand Boulevard, with a frontage of 419 feet on Grand River Avenue

Join with Us in Erecting this Magnificent Theatre Building and Share in the Profits

The Northwestern Building Corporation holds under a 99-year lease, with a purchase privilege, the entire block, bounded by Grand River Avenue, Lothrop Avenue, Dexter Boulevard and Grand Boulevard. The history of the property represents in a greater degree than any other single piece of property the wonderful development of Detroit.

THEATRE WILL SEAT 3,500

Detroit theatres have been such tremendous money makers that the whole theatrical world has talked of it. Our theatre in our location should bring all records. We have practical theatre men on our directorate. Our directors and stockholders are among the most reputable men of this city of ours. Our building was virtually rented before the blue prints were dry. Our total capitalization is \$300,000—all common stock—and we are offering \$225,000 for sale at \$10, par value. Men who build and own theatres figure anything less than a 25 per cent return as wasted effort. Such a prospect makes our stock the choicest offering in the market.
