

## EX-SERVICE MEN

In a few days now you should receive a check from the State for your share of the bonus voted to soldiers and sailors serving in the late war.

We should like the pleasure of cashing this check for you.

While the amount you will receive, in no way represents the balance that is due you from your state and country for services you rendered, it is still enough money to conserve for some useful purpose.

We therefore suggest that you leave all or part of your check upon deposit with us until you decide just what you will do with it.
