STATE FAIR DOG SHOW TO RANK WITH BEST IN U. S.

The Michigan State Fair Dog Club has been organized as a permanent institution and has been granted a license by the American Kennel Club to hold its first annual show on the state fair grounds, Detroit, Sept. 10 and 11 next. Ample space has been provided in one of the best ventilated buildings on the grounds. Entries close August 25.

Permanent benching facilities will be kept in sanitary condition for each year's show. The new club will maintain its own footing in the dog world. No trophies will be solicited from individuals or private sources. One of the finest arrays of cups, trophies and specials ever awarded will be given at the coming show in September, together with \$1,500 in cash prizes.

The club will conduct an all-breed show. It is not necessary that a dog be of pedigree stock to compete, nor does he have to be registered. Experience has shown that there are hundreds of dogs without pedigree or stud book number who can defeat well-known bench dogs. A feature event will be a public demonstration of police dogs doing police, army and Red Cross work.

National attention of dog fanciers has been attracted by the announcement of the award offered and the expert list of officials who will handle the show. The list includes L. L. DeWinter, West Orange, N. J.; John W. Burton, Chicago; A. McClure, Haly, New York; and Wm. McFadden, Detroit. Frank A. Howes will be superintendent and inquirer for information should be made of him at the State Fair, Dept. 502 Bowles Bldg., Detroit.

EDITOR TO DIRECT CLUB WORK AT STATE FAIR

Educational features of the state fair at Detroit, September 2-11, are aimed especially for the advancement of the youth of the state. In agriculture, livestock, manufacturing, arts and crafts and all other departments the fair seeks to show the boy and girl of Michigan what is being accomplished at the present time. "Work of Boys" and "Girls' Clubs" throughout the state also will be shown at the fair and in connection with this demonstration there will be thousands of club members in attendance. For their benefit, both in connection with their club work and the general displays at the fair, Forrest A. Lord, editor of the Michigan Business Farmer, of Mt. Clemens, will devote his time during the fair to their interests.

Mr. Lord will be the state fair board member in charge of the club work while J. A. Turner, of East Lansing, state club leader, will be superintendent of the club exhibits.

"Dacoits."

The word "dacoit" refers to bands of robbers in India. They are a national type of bandits assembling the brigands of Sicily and Greece. They were driven out of Hindustan by the British government, but are now active in Burma. In British India the term "lindia" the conspiracy of five or more men to engage in any form of theft.
