Tribute to Laughter.

Every giggle is worth a thousand dollars if not more. A good genuine laugh is worth a thousand. Doctors recognize the medicinal value of laughter. It is a tonic that benefits both body and mind. A hearty laugh is an aid to digestion. While the movies are capable of putting over many funny scenes and situations, I believe that the best laugh of all is that which follows a bit of cleverness in spoken lines. The art seems to be spoken faster than the eye; that is why the spoken jest gets over quicker than the one that must be read. Yet, no matter how it is produced, the laugh is the king of all things always.—Exchange

Convicts Operate Game Farm.
The state of Washington maintains the only game farm in the world which is operated by convicts, says Popular Mechanics Magazine. Great numbers of pheasants are raised by trustees on the penitentiary grounds, for distribution throughout the state. The men work as freely as though they were not under confinement.
