Sugary Crust Adds Flavor

When brushed on yeast buns before the second rising, this topping forms a brittle, sugary crust while baking that gives the buns an attractive appearance and flavor. Before shaping buns, blend one-fourth cup sugar, two tablespoons enriched flour and one tablespoon melted butter. Add one tablespoon boiling water and mix until ingredients are dissolved and mixture smooth. Brush on buns; let rise until light, and bake.

15, at 8:15 p.m. in the American Theatre.

Organizations with tickets and their chairmen are:

Kiwanis & Kiwanianettes, Mrs. Albert Dressell, 531-3817. Kenwood Women's Club, Mrs. Edward Weiss, 531-1582. Redford Township Chamber of Commerce, Mrs. Ruth Yount, 535-0960.

Lola Valley Business & Professional Women's Club, Mrs. Grace Banks, 532-7345.

with new Blue

POWERMIX

It's refinery-blended in exact proportions for snowmobiles, chain saws, snow blowers and all other two-cycle engines.

Use PowerMix, the modern two-cycle fuel specially-blended for snowmobiles, chain saws, snow blowers and all two-cycle engines. One simple flip-top does it. No messy hand mixing of gas and oil. No chance for destructive impurities to enter the fuel while you're mixing it. And the proportions are always just right. PowerMix is a special blend of unleaded gasoline and a new detergent non-metallic motor oil. You get it pre-mixed in exact proportions to cover 20 to 1 and 50 to 1 ratios inclusive. It makes any two-cycle engine perform better. You can depend on Leonard.
