Price Goes Down?
Quality Stays Up

The comfortable riding qualities of the Overland can be compared only with those of higher priced cars, for its spring base is 130 inches long—longer than the wheel base of most large heavy cars.

Its 27-horsepower motor drives the Overland farther on a gallon of gas than any other car. Owners report 25 miles is common.
Touring \$550, Roadster \$550, \$850, Sedan \$895; f. o. b.

Overland Always a Good Investment, Now the Greatest Automobile Value in America
