# Fordson TRACTOR

Do More  
in a Day~  
Do It Better

One man with a FORDSON TRACTOR can do more work easier and with less expense than two men can do with horses. This means that you with a FORDSON TRACTOR can actually raise more crops, with less work and less expense. And this means that your profits will be greater with fewer hours of work.

Besides the FORDSON will take care of every power job on the farm. It is light, alert, flexible in control and operation, yet it has power and endurance to spare.

You should see the FORDSON at work to appreciate its wonderful capabilities. We will gladly give you the proofs if you will ask for them, either by a personal call, phone or post card.

## Yours For Service on All Makes of Batteries

You can't expect your battery to go on without service any more than you can expect your tires to stand up without air or your motor to work without oil!

Battery service is our business. We have the equipment, the skill and the knowledge that enables us to make your battery last longer and serve better.

We always recommend Willard Threaded Rubber Batteries, but don't get the idea that you can't get the Willard Standard of Service unless you have a Willard Battery. We have only one grade of service here at Battery Headquarters—and everybody gets it on the same basis whether he's a Willard user or not.
