

Spring Is Here

Now come the Pigs—the Calves—the Colts—and the Lambs.

TIME for your work horses and mules to shed their winter's coat.

—TIME to tone them up—give their systems a spring house-cleaning—and drive out the worms.

Dr. Hess Stock Tonic

A Spring Conditioner and Worm Expeller

Your COWS that have long been on winter feed need the system-toning, bowel-cleansing, appetite-stimulating effects of Dr. Hess Stock Tonic. Puts them in fine condition for calving. It means more milk.

Your BROOD SOWS will be relieved of constipation and put in fine fettle for farrowing by a course of Dr. Hess Stock Tonic—which means healthy pigs, and a mother with an ample milk supply to nourish them.

Your SHEATS will be greatly benefited by a course of Dr. Hess Stock Tonic. It drives out the worms—stimulates the appetite and makes them thrive.

Feed it to EWES before lambing time. It prevents over-lambing and scouring lambs. Feed it after lambing time to stimulate the flow of milk, insuring lambs for the early market.

Dr. Hess Stock Tonic contains Tonics for the digestion, laxatives for the bowels, Diuretics for the kidneys, and Vermifuges for the worms.

CARD OF THANKS
We wish to thank the friends and neighbors for their kindness and sympathy during the illness and death of our sister, Andrew and Fannie Gray.

THANK YOU BOYS.
This is to inform the members of the fire department, who saved me from a fire loss through their desperate fighting of the fire next door to the Central Pharmacy, that I thoroughly appreciate their work and that I am sincerely thankful to them.
Stanley Smith.

CARD OF THANKS
We wish to thank the Rev. Evans for his consoling words; also the friends and neighbors for the beautiful floral offerings and those who so kindly donated their automobiles at the last rites for our dear husband and father, Mrs. James Greeshover. Mr. and Mrs. Robert Greeshover. Mr. and Mrs. Hugo Spaller. Volney Greeshover.

Clarenceville School Notes.
The Eighth grade will present their play "Deacon Dubbs," on Wednesday, April 5th, at 2:00 p.m. in the school auditorium. This is especially for those who are

unable to come at night. On Thursday night, April 6, it will again be presented. Part of the proceeds of this play will go to pay the graduating expenses of the Eighth grade. We urge the parents and patrons of the district to attend. The admission will be only 15 cents for children and 25 cents for adults. "Deacon Dubbs" is a three act play, filled with plenty of laughs and movements. There will be music between acts. Miss Greer has been supplying for Mrs. Shaupe in the Kindergarten this week. Schaupter being on the sick list.

Parent-Teacher association will meet on Friday, April 7th. This has been advanced one week from the regular meeting on account of school being dismissed for Easter vacation. The associa-

ing. Everyone welcome. A program has been arranged.

Miss Fruche, our new school nurse, visited school one day last week. Other visitors were Miss Helen Powell of Redford, Loretta Kidd, Velma Teagan, Lillian Berg, Margaret Holley and Marion Vincent.

We had a dental clinic at school on Tuesday of this week. A majority of the children were given free dental examination. We urge the parents to do as the clinic suggests.

The Second and Third grades have made daffodils and vases for window decorations and Easter bunnies for blackboard border.

Mrs. E. Everhart visited the Second grade Wednesday morning.

The Second and Third grades are very much interested in trying to be on the honor row, in their Reading and Art classes.

Russell Waack, Louise Dorothy and Robert Peasley were the star spellers in the Second grade for the month of March.

Twenty-five children in Fourth to Eighth grades were given certificates for perfect attendance last month.

The children very much appreciate the drinking cups the Red Cross nurse gave them.

John Barnfather and Russell Speck are back in school; Gladys Neuman has also returned.

"A Pretty Boat" is the name of the song the Second and Third grades are learning in music.

Join Our Battery Life Extension Institute for \$19.90

That's our trade-in price for a 6-volt Prest-O-Lite Battery for popular makes of light cars. We have types for heavier cars priced correspondingly low. When you get a Prest-O-Lite Battery, you have joined our Life Extension Institute for Batteries. You have started right with a Prest-O-Lite, and Prest-O-Lite Service will prolong the life of your battery. Prest-O-Lite Batteries live longer, and die slower

than any other make. It's their backbone of famous Prest-O-Plates that makes them live to a ripe old age. The plates that do not forgo porosity, to obtain hardness. Plates with ready power in winter, combined with great, non-buckling, heat-resisting strength in summer.

That's why 87 leading manufacturers specify your Prest-O-Lite Batteries as original equipment, and—"the list is growing."

How is your battery pulse? If it is low and weak, let our experts diagnose its trouble, no matter what make of battery. Our friendly advice and attention will put it in shape if it can be done, and we never tell you that you need a new battery until you do.

Come around and enroll your battery in the Life Extension Institute of the oldest organized service to motorists.
