E. E. BROWN, Owner-Publisher
Franklyn L. Whipple, Editor-Mgr

Published Friday of each week
and entered at the Post Office
at Farmington, Oakland County,
Mich., as second class mail
matter.
\$1.50 per year, in advance.

FRIDAY, APRIL 14, 1922.

IT'S UP TO US.

"Franklyn L. Whipple, former publisher of the Ignor Leader and Empire Enterprise, has been engaged by E. E. Brown, publisher of the Farmington Enterprise and Northville Record, as editor-manager of the former publication. Mr. Whipple is a newspaper man of much experience and the Enterprise has already shown marked improvement. Mr. Brown will continue to devote most of his time to the Northville Record."

The above is taken from the Publishers Auxiliary, a paper published by the Western Newspaper Union, an organization with office in all of the larger cities of the United States, and keeps in touch with the newspaper offices of the country so that favorable mention in the Auxiliary is considered a valuable recommendation.

It shall be our constant aim to give the people of this community a clean, live and loyal local newspaper, and thus show that the above complimentary mention is merited. We expect to make Farmington our permanent home, and trust we shall be accorded co-operative support in our endeavors.

Probate Printing.

The Enterprise will deem it a special favor its friends of the paper, who have the business in the probate court, will request Judge Stockwell to send the printing to this office. Where no request is made this work goes to the county seat newspapers, even though the parties, most interested may reside remote from that city. The judge will honor any request made by friends of this paper for publication of their notices in The Enterprise.

NOTICE.

RESOLVED, That all persons, bodies and corporations owning, operating or managing any booth, stand, store, tank or other apparatus or place for the sale of gas, oil, soft drinks, candy or any other kind of merchandise within the limits of any highway

under the control of the Board of County Road Commissioners for Oakland county, are hereby notified to remove the same at once.

RESOLVED, That a copy of this resolution be printed in all newspapers in Oakland County, Michigan.

Oakland County Road Commission

NEVER before has the amazing Knight sleeve-valve motor been available in so fine a car at so low a price. Europe uses the Knight motor in her most famous and expensive cars. Now Willys engineering, Willys quantity production, put it in the reach of all in a car equally famous, but far less costly.

The Motor

The Willys-Knight motor is the highest development of the Knight sliding sleeve-valve principle. It gets more power out of less gas than any other motor of its size and weight. It is free from valve trouble, free from carburetor trouble, smooth, quiet, flexible. Scientific tests and driver experience show that it grows more powerful with use. And its life-limit has never yet been ascertained.

The Car

The Willys-Knight Car is especially designed to match the motor in long life and distinction. Graceful, refined, dignified, its sturdy steel chassis boasts of joints and fast, and holds the body permanently free from rattles and squeaks. Vigilant springs translate the roll of the road into undulating ease. It is fleet, comfortable, responsible—and a sound investment.
