MARY JANE WATT.
Mary Jane Watt died Friday, April 7th, at 5:45 p. m., after a long illness. Her condition was not considered serious until about a year ago. She was born in Greenfield township, November 10, 1878, and came to these parts with her parents when about the age of 14 years. She leaves to mourn her loss her mother, Mrs. Henry Watt and three sisters and three brothers; Mrs. Elizabeth Seates, Effie C. Watt and Mrs. Isabell Christholm and John William and Neil Watt. Interment took place at Grand Lawn cemetery, Monday, April 10.

Runaway Taken Home.

Friday Trooper Hansen of the local squad of state police made a trip to Algonquin to take a runaway from the school for the blind at Lansing to his home. It appears that the young fellow, who is 19 years of age, with a colored boy for a pal, skipped out Tuesday. They were caught at Charlotte Thursday and they declared that they had not eaten a bite since leaving the school, and naturally were pretty well all in. Sgt. Potter brought runaway here and from here he was taken to his home as stated above. It certainly takes some nerve to get out and "beat it" with light less lamps.

CARD OF THANKS

We wish to thank the friends and neighbors for their sympathy and floral offerings; also Rev. Eva for his consoling words at the last rites for our son.
Mr. and Mrs. J. N. Young.

Weather, Whether or Not.

The weather, an inexhaustible topic of conversation has been of the mixed variety of late. Sunday and Monday were of the R. V. D. type while Tuesday came on deck with a rush and slush, winding up with the mercury several degrees down the line. During the afternoon and evening a cold rain trailed along to remind us the March 20th might have been the opening day for spring; the weather and dates do not harmonize. Wednesday was also disagreeably cold with flurries of snow at times.

Mrs. James Morrison of Lansing spent Wednesday night and Thursday with her sister, Mrs. W. E. Lord, and daughter, Miss Olive Morrison.

Spring Is Here—YOUR SYSTEM REQUIRES A GOOD SPRING TONIC

This time of the year many people suffer from what is termed "Spring Fever" which in many cases is due to the stagnant condition of the blood because of the toxic poisons stored up within the body. You have a tired feeling and wondrous organs of the body are not doing their normal duties. Until nature takes hold, you should try the refreshing tonic powers of "Herb-Tone," a good Alternative and Blood Purifier. Especially if you have had winter colds or influenza. Your blood has exhausted its strength—it is in no condition to fight off other diseases you are exposed to. It is necessary to keep your system in first-class condition and to do this, you must have good pure blood. Most diseases are traced to the blood because it reaches all the organs and tissues of the body. For purifying the system, you should take "Herb-Tone" especially at this time, for it is a fine Blood and Skin Purifier, Tonic and Alternative. "Herb-Tone" stimulates nature to expel impurities through the natural channels, cleansing and enriching the blood, thereby keeping the system in healthy state.
