RAILROAD OR BUS—WHICH?

J. M. Barbee, traffic manager of the Port Huron Chamber of Commerce, has been advised by W. H. Wallace, superintendent of the Pere Marquette, that while the new schedule of train service was effective June 11 on the Port Huron, Harbor Beach, Saginaw and Port Huron Beach, Saginaw line, the continuance of the restored service depends entirely upon the patronage offered the railroad. Mr. Wallace says: "We are restoring this service in the face of very light travel and I will have to advise you that it is now a matter of whether the communities with railroad service or bus service. I am satisfied that there is not enough travel in these communities to make it a paying proposition for both. The railroads, I believe, are entitled to the travel and I think it is up to the interested communities to make every effort to discourage competition in order that the service that we are restoring may be profitable to this company. If it is decided at the close of the season that it has been a losing proposition, you can not expect anything else than the service being cut to meet the travel."—Michigan Financial Record.

LAY THE DUST

Oakland County Road Commission is undertaking a departure in road maintenance that has behind it some solid considerations of utility and economy. A campaign is about to start to lay the dust on gravel roads of the county, by means of calcium chloride applications to the surface. Tons of this chemical will be spread upon the highways, to keep the surfaces moist and to prevent the one big nuisance that militates against driving on improved roads that have not hard surfaces. Good roads will reach their maximum efficiency and value when riding upon them is comfortable at all seasons. With the through routes that have been built in this section, calling forth an endless chain of motor vehicles through the spring, summer and fall, there is a constant cloud of dust hanging above the roads. People who live beside the way are smothered with it. They must close their homes tightly, but even then the fine particles sift in and cover the furniture and rugs, ruining them. The people on the road suffer and those living anywhere near the road get a continual dust bath.—Pontiac Press.

Shall Farmington have a homecoming celebration again this year? The last one held was a great success and brought many former residents as well as strangers to town. Why not try again this summer?

It is more than likely that Oakland county will furnish the next congressman for the Sixth district. Mayor Seeley of Pontiac, is in the race and there are many indications that he will land the nomination.

Michigan has suffered from a number of things, but can the state stand the shock of having Dick Fletcher nominated for governor? Thank goodness there is not much chance for such a calamity to befall us.

Farmington people are becoming just a little bit anxious regarding the completion of our soldiers' monument. Let's complete the task enthusiastically begun some months.

If Gifford Pinchot can clean-up the politics of Pennsylvania the job will be worth all his nomination cost him—\$123,014.00. Good things come high sometimes.

If congress would adjourn it would help business to some extent.

Restaurant French.  
Lamped on a local bill of fare by T. M. C.—"Horse Doves." This reminds us of the story of the young man in New York who was dining in a first-class restaurant with his best beloved. She was porting over the menu wondering what to order when she put in, "What you want to start with, dearie, is some of those horse doves."—Boston Transcript.
