

Hunting Trouble

The man who goes out hunting for trouble is seldom disappointed. He usually gets what he goes after, all right.

But why should anyone be foolish enough to hunt for trouble, anyway? Why not try to avoid it? That is the sensible thing to do. A bank account will often keep you out of trouble or help you out if you get in. The dollars saved for a "rainy day" often come in handy even if it doesn't rain. Our bank is the best place for your money, because there it is safe.
