Yes ma'am that's quality flour

If your grocer knows that you insist upon being served with quality food, he will suggest GILDEMEISTER'S PEERLESS FLOUR

This is the moulting period for poultry. You need a feed that will produce both eggs and feathers. Scratch Feed alone will do it. KooKoo Egg Mash will. You will not realize a profit from your poultry unless you get your hens over the moulting period at once. Order a trial bag of KooKoo Egg Mash and begin to sell eggs in October, November and December which are the high price months.
