A Rejoinder.
A man was almost frantic with toothache. The only other person in the room was his pompous, pedantic, mutter-of-fact aunt.

Presently the man burst out: "Oh, I wish to goodness people were born without teeth!" His aunt glanced at him from her paper. "A moment's consideration, my dear Alfred," she said "is reminding you that that is precisely what does happen."

And she went on reading.
Evidently Christian!
An American family living in China recently hired two servants from Nanking, a missionary center. According to the new servants were Christians. Another Chinese servant in the family discovered the newcomers' religion and reported the fact to his mistress. Asked how he knew the new boys were Christians, he said: "Oh, they know all about God, Jesus Christ, and Santa Claus."

If You Need a Medicine You Should Have the Best

Have you ever stopped to reason why it is that so many doctors that are extolled as the best of all are dropped out of sight and are soon forgotten? The reason is plain—the article did not fulfill the promise of the manufacturer. This applies more particularly to a medicine. A medical preparation that has real curative value should sell itself, as like an endless chain system the remedy is recommended by those who have been benefited to those who are not. Take for example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend it in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy has so long a sale.

According to sworn statements and verified testimony of thousands who have used the preparation, the sum is 47. Dr. Kilmer's Swamp-Root is due to the fact so many people claim that it builds up, cures every ailment in overworking, kidney, liver and bladder ailments, a better urinary troubles and neutralizes the acid which causes rheumatism. You may receive a sample bottle of Swamp-Root by postal order, addressing Dr. Kilmer & Co., Piquette, N. Y., and enclose ten cents, also mention this paper. Large and medium size bottles for sale at all drug stores.—Advertisement.

Musical Note.
A very deaf and old man, sitting along the street, saw an Italian turning a peanut roaster. She stood, looking at it awhile, shook her head, and said: "No, I shan't give you any money for such music as that. I can't hear any of it, and besides it smells as if there were something burning inside."—The Congregationalist.

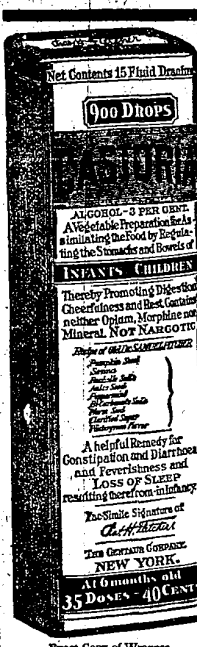

Hint for Amateur Painters
When painting or freshening soft wood, always first paint the wood with shellac and let it dry before painting or varnishing. This saves about half the paint and gives a much harder and smoother surface to the wood.

Punctilious.

This Valley of Humiliation is of itself as fruitful a place as any the crow flies over. It is the best and most fruitful piece of ground in all these parts. Behold how green this valley is; also how beautified with hills.
