### Local News

Mrs. T. H. McGee was in the city Thursday.

Mrs. J. A. Miller was a Detroit visitor Thursday.

Miss Hadlow, a teacher of Detroit, visited Ida Steele over Sunday.

C. Garnet Grant of Grand Lodge, spent the week-end in town, with friends.

Mrs. Leon Green and Mrs. Nate Eisenlord were in New Hudson Tuesday.

Kenneth King of Pontiac, spent Thursday night and Friday with Floyd Bartlett.

Mrs. Roy Keller and Mrs. Olin Russell were Detroit visitors Saturday afternoon.

Mrs. Philip Hilderbrandt was operated on Wednesday at Grace hospital, Detroit.

Mr. and Mrs. Harry Hilding left Sunday for a week's visit at Bucyrus, Ohio.

Mr. and Mrs. R. G. Hama spent Sunday with George Jenks and wife at Redford.

Mr. and Mrs. Isaac Bon and daughter, Ethel, spent Sunday with William Pagel and family.

Marj Murray of Lansing spent the week-end with her sister, Mrs. Harry Moore and family.

D. L. Dickerson and family spent Saturday night and Sunday at their cottage at Long Lake.

Mr. and Mrs. C. U. Dobson of Detroit, were Sunday guests of Mr. and Mrs. T. H. McGee.

Olin Russell and family visited his brother, Henry Russell, and family at Birmingham, Sunday.

Mrs. Frank Scott and baby of Detroit, visited her parents, Mr. and Mrs. David Bissett Sunday.

Mr. and Mrs. Jack Kelly entertained a number of little folks at a wicker roast Tuesday evening.

Mrs. E. K. Nichols of Detroit, spent the week-end with her sister, Mrs. M. B. Pierce, and husband.

Clyde McDermott and cousin, Minnie Toomey, visited their cousin, Marion Devine, at Detroit Sunday.

Mr. and Mrs. Harry Bullen of Detroit, spent last week Tuesday with daughter, Mrs. John Clark and family.

Born to Mr. and Mrs. Norman Barns on Monday, October 30th, a 10 1/2 pound baby boy, named James Robert.

J. C. Clark and family attended a Halloween party at the home of her parents, Mr. and Mrs. Harry Bullen, at Detroit, Tuesday.

E. U. Farmer and family spent the day Sunday at Mt. Vernon, visiting his sister, Mrs. M. T. McClure and family.

Mr. and Mrs. H. McFarland of Port Huron, visited their daughter, Mrs. Leonard Venzell, and family Saturday night and Sunday.

Mrs. C. B. Ely and children of Northville, spent the week-end with relatives here, while her husband was moose hunting in Canada.

Mrs. Ed. Hughes returned to her home in Flint Wednesday, after spending a few days with her parents, Mr. and Mrs. Clarence Aldrich.

At the Universalist church Saturday afternoon at three o'clock, will take place the annual meeting of the parish. All members are urged to be present as business of importance is to be transacted.

**PONTIAC Commercial & Savings BANK**

Capital, Surplus and Profit Over \$1,000,000.00

Resources \$12,000,000.00

This Bank is large enough to afford every facility for service, and small enough to give each Customer Individual and Personal Attention.

The Bank of Personal Service.

Cramer Smith, President.

O. J. Beaudette, Vice-President.

A. A. Corwin, Vice-President.

O. E. Waldo, Vice-President.

C. J. Merz, Vice-President.

F. A. VanWagoner, Cashier.

B. J. Grier, Asst. Cashier.

A. G. Nichol, Asst. Cashier.

Mr. Axford and two children and Mrs. Sherman of Pontiac, spent Thursday with Dr. and Mrs. E. F. Folcomb.

Myra and Louise Bollens entertained 16 of their friends at a Halloween party Wednesday evening. A very pleasant evening was spent in music and games.

A. J. Dodds and father, A. G. Dodds, spent the week-end in Pontiac, visiting with friends.

Miss Ida Morris stayed with Mrs. Dodds during their absence.

Mrs. Casper Pohany of Redford, Mrs. Rue Langbecker of Nichols, and Mrs. Harry Bartlett, spent Monday with the sister, Mrs. Roy Cox, at Clarksdale, and helped her celebrate her birthday.

Dr. and Mrs. J. M. Rainey and Frank German of Birmingham, enjoyed a chicken dinner at Dr. Miller's cottage, "The Outlook," at Walled Lake, Sunday.

Helped Dr. and Mrs. Miller to celebrate their wedding anniversary.

The regular meeting of the W. H. M. S. will be held at the church Tuesday afternoon at 3:30 o'clock.

A fine program has been prepared, with Mrs. Pierce Lewis in charge of the study book. A good attendance is desired.

On Saturday afternoon Mrs. G. E. Miller entertained her Sunday school class, and four visitors, 18 in all, at a Halloween party. They all came masked and the afternoon was spent in a very joyous manner, playing games, etc. The house decorations were in Halloween style. Dainty refreshments were served.

The members of the German Evangelical church are collecting vegetables, fruit and anything for the table, for the German Protestant orphanage and old people's home in Detroit. Anything donated may be left at the church or parsonage. A truck will be in readiness to deliver the goods on November 6th.

About 25 guests were present at a Halloween party given at R. Ross' home Tuesday evening. The rooms were decorated in orange and black paper and autumn leaves.

The evening was spent in playing cards and games, after which a delightful lunch was served, and all departed for their homes at the hour of 12.

The regular monthly meeting of the Ladies Aid of the German church was held in the school house back of the church Wednesday.

Thirty-one members were present. Two birthdays were celebrated, Minnie Bader and Minnie Schulz of Northville, both ladies being 75 years old. Resolutions were passed to hold a bazaar on the 6th day of December.

Mrs. Howard Warner, Farmington, has been appointed oil call chairman for Farmington township. She has appointed as captains: Mr. Roy Robinson, Mrs. Nina Apple, Mrs. Harrison Johnson, Mrs. Arthur Lamb, Mrs. Ransom Pickering, Mrs. Clyde Chamberlain, Mrs. William Irish, Mrs. Louis Schroeder, Mrs. Edgar Pierce, Mrs. Charles Teison and Mrs. Elmer Switzer. Mrs. Warner is planning on having memberships taken on Thursday, November 9th.

### YOUR AUTOS. ELECTRICAL SYSTEM Volts and Amperes

In an electrical system, the pressure of the current is termed "electrical potential" or "voltage" and is measured in volts.

Thus in a lead sulphuric acid storage battery, in which each cell develops an electrical pressure of two volts, the voltage can be increased by increasing the number of cells and connecting them in series with each other.

The rate at which the current flows in a circuit is measured in "amperes" and the capacity of any generating unit is measured in "amperes-hours."

Now let us see what governs the size of batteries used on automobile systems. Suppose for example, that two tanks of different sizes containing water are placed under an equal pressure of six pounds per square inch by means of the weights.

If the valves are opened and the outlet pipes are of the same diameter, the water in each tank will escape with the same pressure (analogous to volts) and at the same rate (amperes) but the larger tank having the larger capacity will supply water longer than the smaller one.

Electrical cells shown in the ordinary automobile storage batteries have the same electrical pressure, but the ones with the largest plate surface have the greater capacity and can deliver current longer at the same rate, or for an equal time at a greater rate.

Assuming that a battery could deliver five amperes for twelve hours it would have an ampere-hour capacity of sixty.

That amount of current could be drawn as one ampere for sixty hours or sixty amperes in one hour, depending upon the size of the cables used or the resistance placed in the circuit.

Three methods can be used to increase the ampere hour capacity of a storage battery: (1) Increase the area of the plates; (2) Increase up to a certain point the thickness of the plates; (3) Increase the number of plates in each cell—by either of these methods, the amount of electrical energy will be increased but the pressure with which it leaves the battery will remain the same: two volts for each cell connected in series.

The Willard Storage Battery company of Cleveland, has always urged its service stations to explain the meaning of battery capacity to their customers and to demonstrate the advantage of using an oversized battery for dependable and convenient driving.

## Do You Tell Your Friends About Willard Service?

If you tell Bill; Bill tells Harry; Harry tells John—and before we know it, three new customers are coming in regularly for battery service.

That just suits us. We'd rather have customers come like that, because usually they're the kind who aren't satisfied with just ordinary service.

If you have a particular or "cranky" friend, tell him about us—and how we take care of all makes of batteries according to Willard Standards of Service.
