Check Talk No. 25

Did it ever strike you that a check book is a budget book too?

Budgets are just as essential for the individual as they are for the corporation, and the easiest way to divide your income and spend it wisely, with a constant check on expenditures, is through a checking account.

Why not open a checking account at this bank now, deposit your pay check regularly and draw only what money you need, instead of carrying all of it around loose in your pocket?

FARM BUREAU DRIVE STARTS

The campaign organization of 150 members who are promoting the coming farm bureau membership drive will have its first meeting at Pontiac on Tuesday, Nov. 20th at 12 o'clock noon when dinner will be served in the basement of the Congregational church.

Speakers for the program will be Mr. C. L. Brody, secretary and general manager of the Michigan state farm bureau, Mr. M. L. Moon vice-president of the Michigan state farm bureau and president of the Jackson county farm bureau and Mr. Alfred Bantall, the state campaign manager.

The general plan of the campaign provides that eight farm bureau representatives (who have been working on the drive in other counties) will work for one day in each township and will be driven by eight local men.

The men who come from other counties are simply coming in order to give information about the farm bureau from a county, state and national viewpoint. The farm bureau members in the county who are doing the driving and other work in connection with the campaign are folks who are really

putting the campaign across.

The board of delegates of the county farm bureau are also invited to attend the dinner.
