HER ENGAGEMENT RING

She tries to seem unconscious,
But her glances cling
To the hand on which she wears it—
Her engagement ring!

Her eyes are pools of gladness,
And her pulses sing
It's a symbol of the future—
Her engagement ring!

The whiteness of its sparkle
Is the soul she'll bring
To the one who gave it to her—
Her engagement ring!

And the merry little dashes
That the sunbeams fling
When they hover there upon it—
Her engagement ring!

Are the countless joys awaiting
As the swift days wing
When a band of gold shall wear it—
Her engagement ring!

Western Lake News.

The first person to talk by telephone is said to have been Mrs. E. G. Soehren. In 1874, when Alexander Graham Bell was making his first experiments with the telephone at Brantford, Ont., Mrs. Soehren was teaching school in that place and helped the inventor string the wire and set up his first telephone instruments.

Trouble Ahead for Puzey.
Muttie came running into the house, excitedly exclaiming, "My pussy has borne five kittens! I don't know how she'll manage to take care of five children when it keeps me and you busy every minute with nothing but the twins, mawver."

Horn From Historic Cow.
Among the prized possessions of the British Royal College of Physicians is the silver-mounted and polished horn of the cow, Boscon, from which came the discoverer of vaccination, Edward Jenner.

Observations of Oldest Inhabitants.
As an oldtimer I'm beginning to wonder if things are coming to pass as reversed that a young man of the future will refuse to marry a girl if she doesn't give up smoking—The Detroit Register.

When You
Build or
Remodel

YOUR satisfaction with the finished work, whether it be new construction, repairing or remodeling, will depend entirely upon the grade of materials used.

Our policy is to handle only highest grade, carefully selected lumber and building materials. When we furnish the materials for the job, you are assured full value for your money.

We recommend Sheetrock, the fireproof wallboard, for walls and ceilings. It is gypsum plaster in broad ceiling-high sheets always 3/4 of an inch thick.

Sheetrock will not burn, swell, warp, shrink or crack. It is the only wallboard that can be successfully wall papered without using panel strips.
