The Boating Bargain.

A whole weekend of fun on 10 gallons of gas or less.

The next time you pump 20 gallons of gasoline into your car for a day's drive, think about this. Just think about how little gasoline it takes for a weekend of water skiing, sun diving, swimming, swimming, scuba diving, stargazing, and more. We'll put it another way. Just a couple of gas cans filled up at your local pump can keep you on the water for the whole weekend.

And, if you think getting into boating is expensive, think again. Boats are investments which often increase in value. Boat loan interest is tax deductible and loans are easy to arrange at most Michigan Marine Dealers. Association member showrooms. A small initial investment and you're under way. Come on in. We'll show you how you and your family can enjoy a full summer's worth of fun for about the same price as a two-week vacation for two in Hawaii.

Bring in the coupon below to a participating Michigan Marine Dealers Association member and you could win a boat, motor and trailer or boating accessory. There is no obligation and nothing to buy.
