Youth Center Exceeds Director's Expectations

Farmington's Youth Center has far surpassed our expectations," according to Lynn Boutwell, the program's director.

Approximately 35 to 45 students a day came to the summer recreational center which officially opened on July 17, and closed on Friday.

The 1,100 sq. ft. center provided bumper pool, volleyball, tennis, basketball, softball, and a ping-pong table for the teens.

Three Farmington-area college students, Rick Shipley, of Ferris State College; Andy Lawing, of Oberlin College; and Karen Carter, who attends Michigan Christian College, helped in the organization and leadership of the program.

Postal Van Demolished

Farmington Post Office is restricting one of its postal vans after being completely demolished when it was struck in the rear of a dump truck last week.

Postman Roy A. Johnson of 22009 Middle Belt, Farmington, was heading north on Orchard Lake Rd., between the expressway and Fifth Mile Road, when he pulled off on the shoulder to drop mail in a box.

As he stopped, a dump truck hit the van in the rear, spinning it around two or three times. The dump truck turned over. Neither driver was hurt but extensive damage was done to the van.

The driver of the dump truck, Ed Wray, of Farmington, was cited for improper overtaking. Damage was done to the right side, front and top of the truck which was removed by wrecker.

The 1963 Chevrolet mail van was damaged on the left rear and both sides and was also removed by wrecker. A postal official says damage was extensive enough to warrant the vehicle's retirement.

Mental Care Funds Given By State

Oakland County's Mental Health Services Board has been allotted \$1,260,025 by the state to help support a matchable program totaling \$1,680,072.

The \$10.9 million state appropriation has been allotted to 37 counties by the Michigan Department of Mental Health on a 75 percent matching basis for specific local services.

Local and federal funds, along with fees for service, will provide additional revenue for community mental health programs.

Cemetery Addition Checked

Only one problem remains in the City of Farmington's plans to purchase 1.32 acres to expand Oakwood Cemetery. The title for the property contains a deed restriction which may prevent its use for cemetery lots.

City Manager John Dismal received a deed commitment Friday and turned it over to the city's legal counsel to determine exactly what the restriction is and if it would prevent use of the land for cemetery.

Since rezoning is not required, Dismal explains, it may be that the restriction would not apply.

The expansion plans took another step forward at the last meeting of the Zoning Board of Appeals when a special exception permit was granted for the property.

The council has already approved purchase of the land at \$12,500. Terms are \$3,000 down and \$9,500 a year for five years at a 10 per cent interest.

The property which fronts on Grand River involves three lots on a parcel 200 feet wide with an average depth of 250 feet.
