It's a lot of bunk!

\$269 comparable value \$475.

What a dreamy buy. A sturdy bunk bed at less than half the price you'd expect. Constructed of natural, finished beech, it has all the features you want: ends that act as ladders, a safety guard rail for the top bunk, and a bottom bed that allows you to sit, as well as sleep, comfortably. What's more, the beds separate for single use. Our imported European bunk bed sleeps two kids for less than the price of one. Mattresses and supports sold separately.
