The figure control system that has helped thousands of American women to lose pounds and inches was developed by Richard Proctor—a man with a mission.

His mission—to give women a balanced approach to trimmling and slimmling. He believes that any system which does not take the whole person into account will not work.

At Elaine Powers, his

At Elaine Powers, his unique, smart eating plan is just as important as the is just as important is the subsets program. And the exercise is geared to what Richard Proctor believes women are willing and able to do to achieve results. He has personally designed the exercise machines after experimentation and thouse testing with thousands of women—and they are unique in the exercise field.

But, beyond the eating and exercise program—Richard Proctor believes in the importance of a cheerful.
