

Election sought on siren question

(Continued from Page 1A)

council on June 23, the city would have paid \$60,000 for installation of sirens, with the county picking up another \$20,000.

A similar proposal was rejected by the council three years ago. At that time, each siren would have cost \$5,500. Today's cost is \$8,500-\$9,000.

Madonna names honor students

Several Farmington residents have been named to the dean's list for the spring term at Madonna College, Livonia.

They are: Nancy Dittmar, a freshman majoring in learning disabilities; Annette Hagan, a sophomore majoring in emergency medical technology; Stephen Hume, a senior majoring in occupational safety/health and fire science; Barbara Germaine, a senior majoring in gerontology.

Channel 4 fills manager post

Steven A. Hacker has been named audience promotion manager for WDIV, Channel 4.

Prior to his new position, Hacker served as the station's production manager. He joined WDIV in August, 1979 as a producer/director involved with WDIV's packaging concept, a combination of programming and promotion.

As audience promotion manager, Hacker will be a senior producer involved in long-form promotion projects and will further develop the station's on-air look.

Before joining WDIV-TV, he worked for five years as producer/director with WKW-TV, Cleveland. Previously, he had been an audio engineer for ABC Network newscasts, which originated in New York. He later joined ABC's Wide World of Sports.

Hacker is a graduate of the University of Cincinnati's division of broadcasting, where he majored in cinematography.

Hacker lives with his wife, Ellen, in Farmington Hills.

Northern adventurers

Pamela Torbico (left), a Western Michigan University graduate student from Farmington, is off to Alaska where she will participate in a 1,400-mile canoe trip down the Yukon River from near the Canadian border to the Bering Sea. Joining her in this practice session is Beverly Feldpausch, a senior from Lansing. Traveling 35 miles a day, the participants will be on the river for approximately 40 days. It's believed they will be the first women to make the Yukon River trip alone.

Stamp out forest fires.

It doesn't take much to start a forest fire. A single spark, a cigarette, a match, a lighter, a car, a machine, a person, and that's all it takes. So, please, be careful. Your cigarette has been tested with water and covered with wax. Carelessness with fire affects all of us who love the forest. And we think it's about time we all put our foot down!
