My doctor pronounced me cured of cancer.

My boss didn't.

My boss didn't understand that I was healthy again.

So I was let go.

A lot of people are like my boss. They think that everyone dies of cancer. I thought so, too. Until the American Cancer Society, through one of its service and rehabilitation programs, helped me return to a normal life.

The ACS also has local Units that help Americans who've never had cancer understand it better.

Today, more and more, cancer is a curable disease. Ignorance about cancer is curable, too.

echo park school

Learning at Echo Park means small classes where individual needs are easily met, and children are accepted at their own level of development; where they are encouraged to be curious and creative in an atmosphere of freedom within a certain structure. Echo Park means a rich natural environment with special grounds, well equipped playground and where nature and science will be an important part of our curriculum. We are happy to announce our present staff is moving with us to the new location.
