

Designer adds romantic touch

Fabric designer Gretchen Bellinger, Cranbrook Academy of Art graduate and now internationally recognized, likes romantic titles for her fabric lines. The latest to come from her New York City headquarters is Ballets Russes.

Then under that heading are individual upholstery and interior design fabrics with names like Petrouchka, a matelasse woven in France, Scheherazade, a silk herringbone woven in Italy, Fire-

bird, a linen chenille woven in Italy, and Rite of Spring, a wool seersucker made in Ireland.

Ms. Bellinger's fabrics are available through the Donghia showroom at the Design Center of Troy.

Rite of Spring, has alternating puckers and flat stripes to give it a rhythmic dimension. It comes in six pastel colors and is all wool, made in Ireland.

Radiant heat and convection-style cooking. Only Jenn-Air gives you both in the same oven.

Jenn-Air's full size, dual-use oven gives you radiant heat for regular baking and roasting, and with just a flip of the switch, professional-style convection cooking. A power-driven stream of heated air lets you cook faster and at lower temperatures. Even meals straight from the freezer roast up golden brown and juicy in the same time as thawed meats. And, convection cooking reduces meat shrinkage while retaining more natural juices and flavor. It even saves energy.
