“Talking Turkey”

Talking Turkey
Well, my dears, I ask you, what will they think of next? Here's an item designed for the veritable guest of honor at your Thanksgiving dinner — the turkey itself — and it presents all kinds of gift-giving possibilities. If your hostess is renowned for her elegance, she'll be delighted. If she is one of those women who has everything under the sun, she'll also be delighted. Lastly, if she's wowed by gimmicks, she'll think this is the living end. What we're talking about are "turkey leggings," silverplated ornaments (\$20.25 per set) that slide over the drumsticks of the turkey. Now I ask you, if that isn't the ultimate in chic, what is?

Gentlemen, take note! When it's cold outside because of winter weather, and cold inside because you've promised to dial down your toes, not the Department of Energy, will be the first to know. If you want to keep your feet warm and cozy this winter, head to Sherman's Shoes where you'll find lightweight, genuine sheepskin boot slippers. Interestingly enough, because the slippers are made of natural fibers that breathe and absorb sweat, the slippers will also serve to keep your feet cool in the summer. In stock in sizes small through extra large, the price is \$32 per pair.
